R.E.A.L Kids' much-awaited Fun Camp is back! This coming year-end school holidays, we have in store a truly exciting event for children aged 4 to 10 years to engage in and discover more about themselves.

What is unique about Fun Camp 2022?

R.E.A.L Kids Fun Camp is open to the public and has been specifically designed for children between the ages of 4 to 10 years.

This year's edition sees R.E.A.L Kids' inaugural partnership with TOY8 Playground, a Japanese Multiple Intelligences education company of experienced specialists who develop tools that help children in their development through preschools. Its goal is to provide parents and educators strong support and improving the quality of preschools. For more information on TOY8, visit its official website at www.toyeight.com.

This is also the first time that R.E.A.L Kids' upcoming Fun Camp will be a 5-day event as opposed to 4 days, with the 5th day to be held exclusively at **TOY8 Playground @ The Gardens Mall, Mid Valley City**, along with parents' involvement **at your convenience!**

(Special arrangement for outstation outing applies.)

The all-expenses paid TOY8 entry-pass that each participant would receive includes a "TOY8 Developmental Screening". This is provided to enable parents to better understand their child's learning development. (This developmental screening is applicable to ages 4 - 6 only). Many other interactive activities are also lined up for children to have fun and explore new interests, develop skills, and more!

Why sign my child up for Fun Camp 2022?

This Mission Impossible (MI)-inspired camp aims to provide your child with an experiential and discovery-filled holiday, with FUN “missions” that are purposefully designed for children with different areas of strengths.

Our programme incorporates EIGHT Multiple Intelligences (MI) that consider the developmental characteristics of children. This is to ensure that they are able to engage themselves to the fullest and maximise the learning of new life skills, good values, and most importantly - to discover their very own unique strengths while undertaking “Mission Impossible”!
